

I. INTRODUCTION

In accordance with Section 15095 and Section 15132 (Final EIR) of the California Environmental Quality Act, Orange County Sanitation District has prepared the Final Environmental Impact Report (EIR) for the proposed Carbon Canyon Dam Sewer Pipeline Project. The following is an excerpt from the State CEQA Guidelines Section 15132:

The Final EIR shall consist of

- (a) The Draft EIR or a revision of the draft.
- (b) Comments and recommendations received on the Draft EIR either verbatim or in summary
- (c) A list of persons, organizations and public agencies commenting on the Draft EIR
- (d) The responses of the Lead Agency to significant environmental points raised in the review and consultation process
- (e) Any other information added by the Lead Agency

The Final EIR is comprised of the Comments and Responses sections and the Errata. The Comments section contains the comment letters annotated to identify the significant environmental points. The significant environmental points identified in each comment letter are then addressed in the Responses section. Following the Responses section is the Errata, where added or modified Draft EIR text is shown by underlining (example) and deleted text is shown by striking (~~example~~).
