

Mike Dorman, PE

Director of Engineering

Mike Dorman is the Director of Engineering for the Orange County Sanitation District (OC San).

Mr. Dorman is responsible for overseeing the planning, project management, design, and construction of Capital Improvement Program projects.

Mr. Dorman joined OC San in 2009. Previously, he served as the Engineering Manager of the Design Division ensuring projects were properly designed, commissioned, and programmed for collections and treatment plants. He also served as the Engineering Manager of the Electrical and Control Systems Division ensuring electrical, instrumentation, and control systems for projects were properly designed,

constructed, inspected, programmed, and commissioned. He also supervised construction management and design groups.

Mr. Dorman has over 30 years of engineering experience. Prior to joining OC San, he worked as a consultant supervising electrical and instrumentation groups responsible for the design and programming of water, wastewater, and infrastructure projects.

Mr. Dorman is a registered electrical engineer with a Bachelor of Science Degree in Electrical Engineering from Cal Poly Pomona.
