

Riaz Moinuddin, PE

Director of Operations and Maintenance

Riaz Moinuddin is the Director of Operations and Maintenance (O&M) for the Orange County Sanitation District (OC San). He is responsible for overseeing and managing the 24-hour operations of our facilities.

Mr. Moinuddin has been part of the OC San team for the past 21 years, recently served as the Engineering Manager for the Maintenance Group. In this role he maintained assets and systems for the treatment plants; worked with staff to develop and execute maintenance strategies for civil, mechanical, electrical, instrumentation, control systems, facilities and the rebuild shop and worked with Engineering and O&M staff to successfully help start-up and integrate complex Capital Improvement

Program projects and assets.

Prior to working for OC San, Mr. Moinuddin worked as a design engineer and consultant for CH2MHill where he was responsible for a variety of projects involving water and wastewater treatment systems and many multi-phased capital improvement projects. Additionally, Mr. Moinuddin has many years of experience designing systems for power plants, both nuclear and fossil fuel units.

Mr. Moinuddin holds a Bachelor of Science Degree in Electrical Engineering from the University of Illinois and a Control System Engineer professional license from the California Department of Consumer Affairs.
