

## Construction Advertising Schedule February 10, 2025

Project No.	Project Name	Approximate Advertise	Construction Estimate	City	РМ	Brief Sco
FR1-0018	Dewatering Centrifuge Diverter Gate Improvements at Plant No. 1	Apr-2025	\$900,000	Fountain Valley	Shannon Chen	This project will modify three dewatering centrifuge diverte chute assemblies by replacing them with three diverter ga liquids.
FRC-0017	Valve Replacements and Wet Well Access Improvements at Slater Pump Station	Apr-2025	\$2,400,000	Huntington Beach	Khanh Do	This project will replace existing valves and provide wet w
P2-135	Chemical Systems Rehabilitation at Plant No. 2	Apr-2025	\$4,600,000	Hungtington Beach	Scott Ahn	This project will make improvements to both the Sodium E Plant No. 2. At the Sodium Bisulfite Station, the project w piping, electrical equipment and install a plant water and p replace the Anionic Polymer Station's obsolete electrical a motor running time meter tubs, valves, and actuators.
FE18-06	CenGen Instrument Air Compressors Replacement at Plant No. 1	May-2025	\$800,000	Fountain Valley	Todd Waltz	This project will upgrade two 10hp instrument air compres Plant No. 1. It will include replacement of treatment train in
FE23-07	Pipeline Utility Easement Clean Up in HB	May-2025	\$3,600,000	Huntington Beach	Deanie Ding	The project will remove encroachments atop of OC San's resurface easement areas, construct a 8 foot tall block wa as needed.
P1-142	Trickling Filter Rehabilitation at Plant No. 1	May-2025	\$33,900,000	Fountain Valley	Omeed Pour	This project will replace aging media in the trickling filters structure holding the media. The project also will replace mechanism to extend the overall reliability and useful life of
J-137	Ocean Outfalls Rehabilitation	May-2025	\$62,000,000	Huntington Beach	Pilko, Victoria	This project will rehabilitate the 120-inch Ocean Outfall. It access ports, replacing all hardware that reinforces pipe jor replacement of existing manhole covers, removal of internative flap gates. Also, this project will perform a detailed instruction of the 78-inch Emergency Outfall.
FRJ-0003	Interplant Gas Line Blow Off Vault Repairs	Jun-2025	\$1,100,000	Fountain Valley, Huntington Beach	Daniel Lee	This project will replace 4 vaults and make repairs to 6 va concerns.
1-23	Santa Ana Trunk Sewer Rehabilitation	Jun-2025	\$34,200,000	Costa Mesa, Santa Ana	Victoria Pilko	This project will rehabilitate a portion of the Santa Ana Tru
P1-137	Supports Buildings Seismic Improvements at Plant No. 1	Jun-2025	\$17,200,000	Fountain Valley	Carmen Quan	Staff occupied buildings and a power building at Plant No. risk of failure during a significant seismic event. These bui Buildings, Warehouse Buildigns, Fleet Services and the 12
FR1-0023	Secondary Treatment Area Cable Replacement at Plant No. 1	Aug-2025	\$800,000	Fountain Valley	Daniel Berokoff	This project will replace various valves at Lido, Crystal Co lining at A St. and 15th St. Pump Stations.
6-20	Fairview Trunk Rehabilitation	Oct-2025	\$14,900,000	Costa Mesa	Omeed Pour	This project will rehabilitate the Fairview Trunk, a sewer fa Costa Mesa. The project consists of rehabilitating approxi and associated manholes. The project also includes spot
J-133	Laboratory Replacement at Plant No. 1	Oct-2025	\$59,600,000	Fountain Valley	Giti Radvar	This project will replace the Central Laboratory building at offsite property that is adjacent to the new headquarters c office building and is owned by OC San, at 18350 Mt. Lan
FRC-0020	College Pump Station Wet Well Rehabilitation	Dec-2025	\$2,530,000	Costa Mesa	Hye Oh	This project will rehabilitate the deteriorating wet well at C unsound concrete, corroded reinforcing steel, and coating

rter gates that are positioned horizontally on the cake gates that are sloped and designed to hold slop and

well access improvemens at the Slater Pump Station.

n Bisulfite Station and the Anionic Polymer Station at will replace chemical tanks, chemical feed pumps, d plant air supply. The project will also demolish and I and instrumentation assets, including controllers,

essors and remove the existing units in Cen Gen at i including receivers, filters, and dryer.

's 69 inch sewer pipeline easement from 13 properties, *w*all, tie in existing fence lines and intall access gates

rs at Plant 1 and will perform coating repairs on the ce the center assembly and rotatary distributor e of the trickling filters.

It includes the removal of debris blocking diffusers joints, the addition of ballast rock in shallow sections, ernal outfall sediment deposits, and the replacement of inspection, condition assessment, and essential

aults on the Interplant Gas Line to address corrosion

Frunk sewer north of Interstate 405. This will include neter sewers along Alton Avenue and easements ic Avenue, Hyland Avenue, Sunflower Avenue in the

lo. 1 will receive seismic improvements to reduce the buildings include the Control Center, Maintenance 12-kV Service Center.

Cove, A St., and 15th St. Pump Stations and wet well

facility located along Fairview Road in the City of oximately 9,500 feet of 12-inch to 27-inch sewer pipe ot repairs on an adjacent facility.

at Plant No. 1. The new building will be located at an complex. This existing property contains a commercialangley St in Fountain Valley.

College Pump Station by removing and replacing ng inside all four side of the wet well.

## Construction Advertising Schedule February 10, 2025

Project No.	Project Name	Approximate Advertise	Construction Estimate	City	РМ	Brief Sc
3-60	Knott - Miller Holder Artesia Branch Rehabilitation	Mar-2026	\$12,300,000	Buena Park		This project will rehabilitate a portion of the Knott Intercep the City of Buena Park. The project includes the rehabilita rehabilitation of 43 manholes, and installation of two new installed in the City of La Palma.
FR1-0019	Generator Protection Relay Replacements & Add Control Center Backup Power at Plant No.1	Mar-2026	\$600,000	Fountain Valley	Daniel Lee	This project will upgrade the existing protection relays at F project will also modify the power distribution system and 1 and the server room chiller at the Plant No. 1 Control Ce
P1-141	Administrative Facilities Demolition	Mar-2026	\$2,600,000	Fountain Valley		This project will demolition existing Administrative Facilitie parking and future contractor staging .
P2-137	Digesters Rehabilitation at Plant No. 2	Mar-2026	\$27,900,000	Huntington Beach		The project will rehabilitate existing Plant No. 2 digesters i bridges, rehabilitating the hot water piping system, improve replacing electrical motor control centers that are obsoleted
FR1-0024	Power Building 7 & 8 Generator and Certrifuge Motor Disconnect Improviements at Plant No. 1	Apr-2026	\$665,000	Fountain Valley		This project will install electrical conduit improvements (sp dewatering centrifuges and 3 thickening centrifuges at Pla banks at Power Buildings 7 and 8 at Plant No. 1.
11-33	Edinger Pump Station Replacement	May-2026	\$20,700,000	Huntington Beach	Hardat Khublall	This project will replace the existing Edinger Pump Station and to provide safer access to the pump station. The new the existing pump station. The existing pump station will b
FRC-0018	Valve Replacements at Lido, Crystal Cove, A St., and 15th St. Pump Stations	Jun-2026	\$1,700,000	Newport beach	Khanh Do	This project will replace various valves at Lido, Crystal Co lining at A St. and 15th St. Pump Stations.
P1-126	Primary Sedimentation Basins No. 3- 5 Replacement at Plant No. 1	Jun-2026	\$136,000,000	Fountain Valley	Rich Leon	This project will replace Primary Sedimentation Basins (Pa distribution boxes, junction boxes, primary influent and eff systems. PSB's 3-5 will be raised to allow gravity flow to s primary odor control facility. The project will demolish PSE and the old control center building.
P1-140	Activated Sludge-1 Rehabilitation at Plant No. 1	Aug-2026	\$346,000,000	Fountain Valley	Cindy Murra	This project will perform a comprehensive rehabilitation of No. 1. The facilities in this project include Blower Building Sludge Pump Station, and Secondary Clarifiers Nos. 1-26 and associated piping is included in this project. This proje Thickeners (excluding the Pump Room), Power Building 2
J-124	Digester Gas Facilities Rehabilitation	Sep-2026	\$109,400,000	Fountain Valley, Huntington Beach		This project will rehabilitate the existing gas compressor fa upgrades to the gas compressor buildings, rehabilitation of other necessary auxiliary equipment. It will also replace the flares.
J-139	Process Control System Alarm Optimization	Oct-2026	\$2,520,000	Fountain Valley, Huntington Beach	Justin Fenton	This project will install a new master alarm database that system, develop an alarm configuration philosophy, and re create dashboards and KPI reports for ongoing analysis o
P2-138	Operations and Maintenance Complex at Plant No. 2	Dec-2026	\$78,300,000	Huntington Beach	Charlie Guess	This project will replace the Operations Center building an of the current Maintenance building.
P2-136	Activated Sludge Aeration Basin Rehabilitation at Plant No. 2	Jan-2027	\$40,600,000		Todd Waltz	This project includes structural rehabilitation of the aeratio structures, coating the interior of reactor tanks to mitigate mechanical equipment, components, and piping, including will also replace large section of handrails at the secondar
P2-124	Interim Food Waste Receiving Facility	Jan-2027	\$3,150,000	Huntington Beach	Jacob Dalgoff	This project will construct a station to receive store and f
